

## East Central Florida SKYWARN Training National Weather Service Melbourne, FL

*Serving the east-central Florida counties of: Brevard, Indian River, Lake, Martin, St. Lucie, Seminole, Okeechobee, Orange, Osceola and Volusia.*

The following schedule reflects the dates, times and locations of upcoming SKYWARN spotter classes and other hazardous weather presentations. This schedule will be modified regularly as new talks are added. Most of the talks are open to the public and all interested parties are encouraged to attend (any exceptions will be noted below). The presentations generally last two hours in length and are free. Please pre-register via the link(s) below if you would like to attend. Approximately one week prior to the class, you will receive an email with instructions to register for the training session via GoToWebinar (which you can use to attend from your location). A National Weather Service meteorologist will discuss various aspects of severe weather, storm spotting, and severe weather safety. Please direct any questions about SKYWARN training classes and other hazardous weather presentations within [east central Florida](#) to [william.ulrich@noaa.gov](mailto:william.ulrich@noaa.gov)

Updated Oct 19, 2022

| Date<br>2022  | Virtual or<br>in-person | Class<br>Time | Class<br>Type | Pre-registration Details |
|---|-------------------------|---------------|---------------|--------------------------|
| <p>The in-person and virtual SKYWARN training class schedule for East central Florida is now available here:</p> <p><a href="https://www.weather.gov/mlb/skywarn">https://www.weather.gov/mlb/skywarn</a></p> |                         |               |               |                          |

Those that participate in a virtual class will become official SKYWARN spotters for NWS Melbourne and will be provided a SKYWARN ID card.
