Crop Damage	
Event Narrative	An F3 tornado initially touched down just south of the Grove Home Park on County Road 16. The tornado then tracked north just east of County Road 65 to County Road 12, just southwest of Foley. The tornado blew down numerous trees, destroyed a manufactured home and damaged several others in the Grove Home Park. The tornado destroyed two large cement block buildings and damaged another three near County Road 12. A large panel truck filled with heavy tools was picked up and carried about 60 feet, and several other cars were thrown 15 to 25 feet. No injuries were reported.
