Subject: Anchorage Federal Building power outage will affect NWS
 operational data Effective Saturday, August 22, 2020

The NWS Alaska Region is notifying the public that some data and services will be unavailable on Saturday, August 22, 2020, from 7:00 am to 5:00 pm, AKDT.

Public data and services that will be affected include:

- Some surface and hydrologic observations will be unavailable.
- Some ship observations will be unavailable.
- Upper-air observations, excluding Barrow and Anchorage, may be delayed.
- The Alaska Weather Information Line will not update.
- NOAA Weather Radio at the following sites will be out of service: Barrow, Kotzebue, Nome, Bethel, Saint Paul, Unalaska, Cold Bay, and Yakutat.

Weather forecasts and warnings and tsunami information will continue to be available on the internet at www.weather.gov and www.tsunami.gov. There may be other unexpected impacts during this time. We thank you for your patience and will return all services to operational status as quickly as possible after the power returns.
