Subject: Soliciting Comments on the Experimental Standardized Local
 Weather Forecast Office (WFO) Avalanche Weather Web Page at Nine
 WFOs Through April 30, 2022

The NWS is soliciting comments on an experimental standardized local Weather Forecast Office (WFO) Avalanche Weather Web Page through April 30, 2022 at 9 WFOs across the country. These WFOs are: Gray, ME; Pocatello, ID; Salt Lake City, UT; Riverton, WY; Anchorage, AK; Fairbanks, AK; Pendleton, OR; Boise, ID; and Great Falls, MT.

A standardized version of this web page will make each local WFO web page consistent with one another, thereby increasing the visibility and accessibility of NWS avalanche weather information.

The web pages will be available at the following links:

WFO Gray - <https://www.weather.gov/gyx/AvalancheWeather>
WFO Pocatello - <https://www.weather.gov/pih/AvalancheWeather>
WFO Salt Lake City - <https://www.weather.gov/slc/AvalancheWeather>
WFO Riverton - <https://www.weather.gov/riw/AvalancheWeather>
WFO Anchorage - <https://www.weather.gov/afc/AvalancheWeather>
WFO Fairbanks - <https://www.weather.gov/afg/AvalancheWeather>
WFO Pendleton - <https://www.weather.gov/pdt/AvalancheWeather>
WFO Boise - <https://www.weather.gov/boi/AvalancheWeather>
WFO Great Falls - <https://www.weather.gov/tfx/AvalancheWeather>

A Product Description Document for the Experimental Local WFO Avalanche Weather Web Page is provided online at:

https://nws.weather.gov/products/PDD/PDD_ExpWFOAvalancheWebpages_2021-2022.pdf

The NWS is seeking comments on the Experimental Local WFO Avalanche Weather Web Page through April 30, 2022 via the online survey at:

https://www.surveymonkey.com/r/WFOAvalancheWebpages_Exp2021-2022

If feedback concerning the experimental web page is favorable, then it will be considered for expanded implementation at additional WFOs in the future.

If you have questions or comments regarding the Experimental Standardized Local WFO Avalanche Weather Web Page, please contact:
