Subject: Changes to Public Forecast Zones for WFO Chicago, IL: Effective
March 3, 2020

Effective Tuesday, March 3, 2020, at 100 PM Central Standard Time (CST),
1800 Coordinated Universal Time (UTC), the NWS Weather Forecast Office
(WFO) in Chicago, IL, will change Public Forecast Zones encompassing Cook
and Will Counties in northeast Illinois. Upon implementation of this
change, all public forecasts and related products will use the zone
numbers and names listed below.

If March 3, 2020 is declared a Critical Weather Day, this implementation
will be postponed to March 10, 2020.

These changes have been coordinated with partnering agencies and will
improve forecast services to the city of Chicago and the Chicago
metropolitan area by allowing for more refined watches, warnings and
advisories. The new zones will be divided as follows:

Divide the current Cook County forecast zone (ILZ014) into three zones:
Northern Cook County, Central Cook County and Southern Cook County.

The Central Cook County zone will contain the entire city of Chicago
except for a small portion within DuPage County.

Divide the current Will County forecast zone (ILZ022) into three zones:
Northern Will County, Southern Will County, Eastern Will County.

The new zone numbers, names, and description of the zone areas are listed
below.

WFO Chicago Public Forecast Zones being divided:

Zone Number:	Zone Name
-----	-----
ILZ014:	Cook
ILZ022:	Will

These zones will be replacing the existing zones above:

Zone Number:	Zone Name
-----	-----
ILZ103:	Northern Cook
ILZ104:	Central Cook
ILZ105:	Southern Cook
ILZ106:	Northern Will
ILZ107:	Southern Will
ILZ108:	Eastern Will
