Subject: Termination of the NWS Hydrologic Information Center  
(HIC) Website: Effective March 29, 2019

Effective March 29, 2019, the NWS will terminate the Hydrologic  
Information Center (HIC) website at:

<http://www.nws.noaa.gov/hic>

This legacy web site was launched many years ago to provide NWS  
flood loss information to the public and reports to the U.S.  
Army Corps of Engineers.

The HIC website is now obsolete because these detailed reports  
are no longer being generated. The underlying data is available  
to the public through the NOAA National Centers for  
Environmental Information (NCEI). A breakdown of the options  
available for obtaining information found via the HIC URL is  
provided below.
