 Other NWS Partners, Users and Employees

From: Jeffrey Craven
 NWS Office of Science and Technology Integration
 Meteorological Development Laboratory

Subject: Transition of Model Output Statistics (MOS)-based Products
Website URL Location: Effective April 27, 2020

The Meteorological Development Laboratory (MDL) is notifying users that access to all MOS-based products has been completely transitioned to the following URL effective April 27, 2020:

https://www.weather.gov/mdl/StatisticalModeling_home

Please point to the above hyperlink rather than the previous location at:

<https://www.nws.noaa.gov/mdl/synop/products.php>

Users are encouraged to move from this older server by Friday, June 5, 2020.

We are also alerting MOS users that MDL has discontinued active development of MOS-based guidance products, with all efforts being directed toward the National Blend of Models (NBM).

NBM graphical and text products can be found at:

https://www.weather.gov/mdl/nbm_home

Gridded binary version two (GRIB2)/text products are also located on the NOAA National Operational Model Archive and Distribution System (NOMADS) at:

<https://nomads.ncep.noaa.gov/pub/data/nccf/com/blend/prod/>

Please send comments or questions concerning this change to:
