Subject: Soliciting Comments on the Proposed Termination of the River and
 Lake Forecast Product (RVD) through February 23, 2023

The NWS is soliciting comments through February 23, 2023 on the proposed termination of the River and Lake Forecast product (RVD).

The RVD includes a table containing hydrologic forecasts and observations in Standard Hydrometeorological Exchange Format (SHEF). This product is issued as frequently as once per day or as infrequently as once per week.

More frequently updated hydrologic forecasts and observations in tabular, XML, and RSS formats are available via the Advanced Hydrologic Product Service (AHPS) website at water.weather.gov. The NWS Integrated Dissemination Program (IDP) is also providing web services of AHPS information at [https://idpgis.ncep.noaa.gov/arcgis/rest/services/NWS Observations/ahps_riv_gauges/MapServer](https://idpgis.ncep.noaa.gov/arcgis/rest/services/NWS_Observations/ahps_riv_gauges/MapServer).

For more information regarding the information in this notice, please contact:

Daniel Roman
Hydrologist
Water Resources Services Branch
