Service Change Notice 25-42
National Weather Service Headquarters Silver Spring MD
900 AM EDT Mon May 12 2025

To: Subscribers:
 -NOAA Weather Wire Service
 -Emergency Managers Weather Information Network
 -NOAAPort
 Other NWS Partners, Users and Employees

From: David Michaud, Director
 NCEP Central Operations

Subject: NCEP Central Operations (NCO) Upper Air Thanks Webpage
URL Change: Effective on or about 1200 UTC May 19, 2025

The NCEP Central Operations (NCO) Upper Air Thanks webpage will be moved to a new location effective on or about 1200 UTC May 19, 2025

Users who currently access the RTDM website via <https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/> will be redirected to the new page on the implementation date. However, we recommend users update their bookmarks, links, and/or scripts to the new URL to ensure seamless access. The new URL will be <https://www.nco.ncep.noaa.gov/status/data/thanks/>.

The new website is currently accessible, but it is being populated with parallel test data. The website will be updated to use production data on the implementation date.

The old URL will be updated to redirect users to the new location.

The following URLs, which directed users to return to the old thanks URL, will also be removed:

<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/printable.criteria.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/printable.rpt can.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/printable.rpt int.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/printable.rpt mil.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/printable.rpt usa.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/YYYYMMDD/printable.rpt can.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/YYYYMMDD/printable.rpt int.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/YYYYMMDD/printable.rpt mil.php>
<https://www.nco.ncep.noaa.gov/pmb/nwprod/thanks/YYYYMMDD/printable.rpt usa.php>

where YYYYMMDD is replaced with the current date where:

YYYY = 4 digit year
MM = 2 digit month
DD = 2 digit day
