Subject: Updated: URL change for WPC FTP over HTTPS site
<https://www.ftp.wpc.ncep.noaa.gov/> on or around March 3rd, 2026

Updated to correct new permanent URL.

On or around March 3rd, 2026 at 1500 UTC, the HTTPS site at <https://www.ftp.wpc.ncep.noaa.gov/> will be redirected to <https://ftp-wpc.ncep.noaa.gov/>, its new permanent URL. The redirect will remain in place for a period of 12 months before being removed. Users are advised to change the URL for continuity of their services. There are no underlying content changes and all sublinks will be redirected intact. In the event that the implementation date is declared a Critical Weather Day (CWD), an Enhanced Caution Event (ECE), or other significant weather is occurring or is anticipated to occur, implementation of this change will take place at 1500 UTC on the next weekday not declared a CWD and when no significant weather is occurring.
