From: Suzanne Lenihan
 Office of Chief Operating Officer

Subject: Discontinuation of the State Forecast Product (SFP) for all NWS Central Region, Southern Region, and Western Region Offices: Effective June 29, 2026

Effective June 29, 2026, the National Weather Service (NWS) will discontinue the State Forecast Product (SFP) for all NWS Central Region, Southern Region, and Western Region offices. The SFP will continue to be issued for Pacific Region and the state of Hawai'i. The SFP is not issued in Alaska Region or Eastern Region.

The SFP is a text product describing temperature, precipitation, sky cover, and wind forecasts across an entire state.

The information contained in the SFP duplicates information contained in other text products as well as various web sites and NWS application programming interfaces (API).

Weather Forecast Office (WFO) local products providing the data contained in the SFP product include:

- Zone Forecast Product (ZFP) for precipitation, temperature, sky cover, and wind forecasts by forecast zone
- NOAA Online Weather Data: <https://www.weather.gov/Climate>
- NWS Weather API: <https://www.weather.gov/documentation/services-web-api>
- Aviation Weather Center API: <https://aviationweather.gov/data/api/#/>

State Forecast Products (SFP) that will be discontinued:

State Name	WMO Heading	AWIPS ID
-----	-----	-----
