Subject: Public Comments Solicited through May 18, 2012 on
Experimental Mobile.Weather.Gov Website Redesign

NWS is accepting comments through May 18, 2012 on an experimental
redesign of its existing mobile web page:

<http://mobile.weather.gov>

The goal of the redesign is to update the look, feel, and
functionality of NWS's mobile web presence to better take
advantage of the capabilities of today's smartphone browser
capabilities.

A functional prototype of the design is available at:

<http://preview.weather.gov/mobile/>

Please provide comments via an online survey available at:

<http://www.weather.gov/survey/nws-survey.php?code=new-mobile>

NWS encourages its partners and customers to fill out the above
survey in this format.
