Subject: Soliciting Comments through February 12, 2013 on Two Experimental
Space Weather Prediction Center (SWPC) Products

The NWS is soliciting comments through February 12, 2013, on two Space
Weather Prediction Center (SWPC) experimental forecast products entitled
the 3-Day Forecast and the Forecast Discussion.

These new products are available twice a day at 0030 and 1230 Coordinated
Universal Time (UTC). The products provide space weather information in
two separate formats, abbreviated and detailed, using NOAA space weather
scale information.

These new experimental products are online at:

http://www.swpc.noaa.gov/ftpdir/latest/three_day_forecast.txt

concise, 1-page summary;

and

http://www.swpc.noaa.gov/ftpdir/latest/forecast_discussion.txt

in-depth space weather analysis for the technical user.

These two experimental products supplement the existing product suite. No
current products are being discontinued.

Please submit comments to the following links:

3-Day Forecast: www.nws.noaa.gov/survey/nws-survey.php?code=3dswf
Forecast Discussion: www.nws.noaa.gov/survey/nws-survey.php?code=swfd

At the end of the comment period, these products will be evaluated for
implementation.
