Chief, Space Weather Services Branch

Subject: Soliciting Comments through February 12, 2013, on Two  
Experimental Space Weather Prediction Center (SWPC)  
Products

The NWS is soliciting comments through February 12, 2013, on two  
Space Weather Prediction Center (SWPC) experimental forecast  
products entitled the 3-Day Forecast and the Forecast Discussion.  
These new products are available twice a day at 0030 and 1230  
Coordinated Universal Time (UTC). The products provide space  
weather information in two separate formats, abbreviated and  
detailed, using NOAA space weather scale information

These new experimental products are online at:

[http://www.swpc.noaa.gov/ftplib/latest/three\\_day\\_forecast.txt](http://www.swpc.noaa.gov/ftplib/latest/three_day_forecast.txt)

concise, 1-page summary

and

[http://www.swpc.noaa.gov/ftplib/latest/forecast\\_discussion.txt](http://www.swpc.noaa.gov/ftplib/latest/forecast_discussion.txt)

in-depth space weather analysis for the technical user.

These two experimental products supplement the existing product  
suite. No current products are being discontinued.

Please submit comments to the following links:

3-Day Forecast: [www.nws.noaa.gov/survey/nws-survey.php?code=3dswf](http://www.nws.noaa.gov/survey/nws-survey.php?code=3dswf)

Forecast Discussion: [www.nws.noaa.gov/survey/nws-survey.php?code=swfd](http://www.nws.noaa.gov/survey/nws-survey.php?code=swfd)

At the end of the comment period, these products will be  
evaluated for implementation.
