Service Change Notice 11-18  
National Weather Service Headquarters Washington DC  
1015 AM EDT Wed Apr 27 2011

To: Subscribers:  
-Family of Services  
-NOAA Weather Wire Service  
-Emergency Managers Weather Information Network  
Other NWS Partners, Users and Employees

From: Therese Z. Pierce  
Chief, Marine and Coastal Weather Services Branch

Subject: Transition of Bulleted Coastal/Lakeshore Hazard  
Message (CFW) and Marine Weather Message (MWW)  
Products to Operational Effective June 1, 2011

Effective Wednesday, June 1, 2011, at 1800 Universal Coordinated Time (UTC) NWS Weather Forecast Offices with marine responsibility across the Continental United States and outside the continental United States will issue its Coastal/Lakeshore Hazard Message (CFW) and Marine Weather Message (MWW) using a bulleted format.

The bulleted format is similar to the current format for severe thunderstorm and flash flood warnings. It will allow users to quickly read and gather vital information during hazardous weather events.

A Product Description Document for these products, which includes examples of bulleted CFW and MWW products, is online:

<http://products.weather.gov/viewliste.php>

A list of all coastal and Great Lakes offices is online at:
