-Emergency Manager Weather Information Network
-NOAAPORT
Other NWS partners and NWS employees

From: Mark Tew
Chief, Marine and Coastal Weather Services Branch

Subject: National Hurricane Center Videocasts Delayed Until
After the Beginning of the 2014 Hurricane Season

The National Hurricane Center videocasts are shifting from an experimental to operational product. Due to a procedural issue, the videocasts will not be available starting June 1. The videocasts are expected to be available later in the 2014 hurricane season.

The videocasts are an Internet protocol-based audio and video streaming of NHC's hourly hurricane briefings. The videos provide distant media outlets and the general public with access to these briefings.

A Service Change Notice will be sent out notifying users when the service will be available again.

If you have any questions, please contact:

Dennis Feltgen
Public Affairs Officer
National Hurricane Center
Miami, FL 33165-2149
Email: Dennis.Feltgen@noaa.gov
Phone: 305-229-4404
