From:     Michael Hudson  
          Acting Chief, Integrated Services Division  
          Central Region Headquarters

Subject: Central Region Offices Will Migrate to a New Layout on their Web  
Homepages: Effective March 30, 2015

On, or shortly after, Monday, March 30, 2015, all Central Region (CR) National Weather Service (NWS) Weather Forecast Offices (WFOs), River Forecast Centers (RFCs) and Center Weather Service Units (CWSUs) will migrate to a new layout on the front page of their web homepages. This is in response to a required web infrastructure consolidation that will occur by the end of 2015. The change will also provide office-to-office consistency because the layout of the home page will be set across the region and eventually across the nation.

All CR WFOs will be participating in this change. A list of the offices involved is online at:

[http://www.nws.noaa.gov/os/notification/resources/cr\\_wfos.pdf](http://www.nws.noaa.gov/os/notification/resources/cr_wfos.pdf)

CR RFCs include the Missouri Basin RFC (MBRFC) in Pleasant Hill, MO and the North Central RFC (NCRFC) in Minneapolis/Chanhassen, MN.

CR CWSUs include: Aurora, IL (ZAU), Farmington, MN (ZMP), Indianapolis, IN (ZID), Longmont, CO (ZDV), and Olathe, KS (ZKC).

An example of the new front page for the CR WFOs is online at:

[http://www.crh.noaa.gov/images/crh/wfo\\_example.png](http://www.crh.noaa.gov/images/crh/wfo_example.png)

An example of the new front page for the CR RFCs is online at:

[http://www.crh.noaa.gov/images/crh/rfc\\_example.png](http://www.crh.noaa.gov/images/crh/rfc_example.png)

An example of the new front page for the CR CWSUs is online at:
