From: Michelle Hawkins
 Chief; Severe, Fire, Public, and Winter Forecast
 Services Branch

Subject: Changes in Air Quality Alert for Middle Tennessee and
 South Central Kentucky Effective April 27, 2017

Effective Thursday April 27, 2017, at 700 AM Central Daylight Time, 1200 Coordinated Universal Time (UTC), the NWS Weather Forecast Office in Nashville, TN, will add two counties to the Clarksville, TN, metro area air quality alerts (MEMAQAOHX). At the request of the Tennessee Department of Environment and Conservation, Trigg and Christian Counties in Kentucky will be added to Clarksville area air quality alerts.

KYZ017 Christian County, KY
Including Hopkinsville and Fort Campbell

KYZ012 Trigg County, KY
Including Cadiz and Fort Campbell

These changes have been requested by and coordinated with the Tennessee Department of Environment and Conservation and NWS Paducah.

Partners and users of WFO Nashville (OHX) air quality alert products will need to update their system(s) to continue receiving correct air quality alert products.
