              -Emergency Managers Weather Information Network  
              -NOAAPORT  
              Other NWS Partners and NWS Employees

From:         Michelle Hawkins  
              Chief, Severe, Fire, Public and Winter Weather Services Branch

Subject:      Discontinuing Experimental Graphical Weather Review Webpage  
              Effective April 15, 2020

Effective April 15, 2020 the NWS is discontinuing the Experimental Graphical Weather Review Webpage from Weather Forecast Office Corpus Christi, TX, at:  
[https://www.weather.gov/crp/daily\\_rainfall\\_temps](https://www.weather.gov/crp/daily_rainfall_temps)

The experimental Graphical Weather Review webpage produced daily high temperature, daily low temperature, and daily rainfall PNG graphics and KMZ files for the south Texas region.

This webpage has been in testing since January 2014 and only 3 survey responses were collected. While the comments were positive, there are not enough resources to expand this nationally. The information can be obtained from other websites:  
<https://www.weather.gov> and <http://water.weather.gov/precip/download.php>
