Technical Implementation Notice 11-30  
National Weather Service Headquarters Washington DC  
1230 PM EDT Fri Jul 8 2011

To: National Weather Service Offices (NWS)  
Federal Aviation Administration Customers (FAA)  
Family of Services Subscribers (FOS)  
Other Customers of NWS Aviation Forecasts

From: Cyndie Abelman  
Chief, Aviation Services Branch

Subject: Implementation of Seasonal Terminal Aerodrome  
Forecast (TAF) Talladega Municipal Airport (KASN)  
Effective October 9, 2011

Note: The following changes have no impact on NOAA Weather  
Wire Service subscribers

Effective Sunday, October 9, 2011, the NWS office at Birmingham, AL, will begin seasonal TAF service for the Talladega Municipal Airport (KASN) in Talladega AL in support of the biannual National Association of Stock Car Auto Racing (NASCAR) races at the Talladega Superspeedway. Routine and updated TAFs will be issued for this airport 24 hours a day for 2 weeks leading up to and 3 days after the races.

The two major race events are held in April and October. These general dates are subject to change by NASCAR. A Public Information Statement that provides the effective TAF dates will be issued by WFO Birmingham at least one month prior to each race.

These events bring over 200,000 people to Superspeedway for each race for several days in advance. Many of the attendees fly by private or charter planes into Talladega Municipal Airport.

NWS personnel will need to add the following identifier to their communications systems to receive the new TAF:

Airport	WMO Heading	AWIPS ID
Talladega Municipal	FTUS44 KBMX	TAFASN

In addition, this new seasonal TAF will be added to the existing TAF collectives below, which are transmitted to FAA personnel and other external users.

WMO Headings Available to the following customers

FTUS80 KWBC Non-FAA Domestic and Family of Services  
FTUS90 KWBC FAA Weather Message Switching Center and  
FAA Facilities

FTUS52 KWBC Global Telecommunication System Customers

Holders of NWS Procedural Instruction 10-813 /Terminal Aerodrome  
Forecasts/ should make appropriate additions to the appendices.

For questions regarding this TAF addition, please contact:

James Stefkovich, Meteorologist-in-Charge
