Subject: Change of Encryption Process for Vaisala Lightning Data
Effective November 12, 2015

The encryption and decryption process for the Vaisala Lightning data within products SFPA41 and SFUS41 will be changing over to a government-based system rather than the process based on proprietary code. The same government code is being used for test data as well (SFUS99).

World Meteorological Organization (WMO) headings for affected Vaisala products:

SFPA41 KWBC
SFUS41 KWBC
