SUBJECT: Revised Regional Fire Weather Web page To Become
Operational On March 28, 2018.

The revised fire weather page for the National Weather Service Western Region will become operational on March 28, 2018. This revised web page makes a few modifications to the existing web page. Changes are mainly to update the coding, map backgrounds and make the page mobile friendly.

You may view the revised version by visiting the website at:
<HTTPS://WWW.WRH.NOAA.GOV/FIRE2>
