Heavy snow fell over much of Oklahoma overnight from late Thursday February 6th through the morning of February 7th. Temperatures hovered at or just above freezing, however, and limited the amount of snow accumulation on the ground. Only over the northwestern quarter of Oklahoma was the temperature cold enough, long enough for significant snow accumulation to occur. Areas generally north of I-40 and west of I-35 saw accumulations at and above 2 inches, with local bands of heavy snow across Beckham and Washita Counties and from Ellis into Woodward Counties. In the northern band from Arnett to Woodward, the heaviest snow fell in Woodward where 6 to 8 inches of snow fell. In the southern band from Sayre to Clinton, the heaviest snow fell in Clinton where 4 inches was reported.

Numerous traffic accidents occurred and were blamed, at least in part, on icy road conditions. One three-car accident with injuries was reported in Woodward in Woodward County, and a one-car accident with injury occurred in Elk City in Beckham County.

### Stephens County

- **Duncan**
  - 20 1230CST
  - Severe thunderstorm winds damaged residential roofs and downed tree limbs.

### Garvin County

- **Pauls Valley**
  - 20 1335CST
  - Severe thunderstorm winds damages roofs on two homes near Pauls Valley.

### Bryan County

- **10 W Durant**
  - 20 1430CST
  - Severe thunderstorm winds downed 4 power poles along Highway 70 on Roosevelt Bridge across Lake Texoma. The power lines fell onto a tractor-trailer rig and 5 other vehicles, trapping the occupants for about 30 minutes. The bridge was closed for an hour and 15 minutes while crews worked to clear the road.

### OKZ038

- **Comanche**
  - 21 0320CST
  - Strong winds behind a cold front gusted to over 50 mph at the Oklahoma Mesonet site near Medicine Park in Comanche County.

### Pontotoc County

- **4 NW Ada**
  - 25 0105CST
  - Lightning struck the wireless cable antenna on the roof of a house. All electrical appliances, lights, and the water pipes under the foundation behind the house were blown up but no fire was set. Damage was estimated at $12,000.
