Purpose

MOD CHGBLEND sets the number of blend periods in Operation ADJUST-Q
when the date specified falls within the run period.

This is a permanent change to the value stored in the Forecast
Component parameter file.

Format

Use Format B3 with one date on the command card.

    .CHGBLEND date [FGROUP]
    identifier value [/ opname]

    where date   is the date
          value   is the number of blend periods

Example

In this example blend period changes are input for several Segments.
If the date falls within the run period then the number of blend
periods is permanently changed on the parameter file.

    .CHGBLEND 0912
    WLCM5-REDM5 16
    WABM5   32
    LKCM5   24 / LKCM5
