Marginal risk for severe storms today north and east of Raleigh

Severe Weather Outlook

What to Expect

- **Overview:** Strong to severe storms will be possible as storms in VA move to the southeast and into eastern NC.

- **Location:** Northeast Piedmont and northern/central Coastal Plain.

- **Timing:** This afternoon and early evening

- **Hazards and Impacts:** Wet downburst capable of producing localized damaging winds. Isolated flooding in urban areas and poor drainage locations will also be possible.

HAZARDS:
