Severe Thunderstorm and Excessive Rainfall Risk

Monday, June 26th

When Thunder Roars, Go Indoors!

An Enhanced Risk for severe thunderstorms means:
Numerous severe thunderstorms possible. More persistent and/or widespread, a few intense.

Overview
- Severe thunderstorms are expected to develop/move into the western Piedmont during the afternoon today, then develop into a line or large cluster of severe thunderstorms and move eastward across the area.

Timing
- 3 PM – 11 PM

Hazards
- Damaging winds, large hail, lightning, flash flooding and possibly a tornado.

A Slight Risk for excessive rainfall means:
Scattered flash floods possible. Mainly localized. Most vulnerable are urban areas, roads, small streams and washes. Isolated significant flash floods possible.
