Department of Motor Vehicles/Licensing Bureau:

Enclosed is a driving safety poster that was done by the National Weather Service and the Federal Highway Administration to promote our 'Turn Around Don't Drown' Campaign. Flooding kills 100 people every year, with countless others injured. Over half of these deaths and injuries occur on the road. Many of these deaths and injuries can be prevented by following some basic safety rules. Please place this poster in an area that can be viewed by your customers as a reminder to take flooded roadways seriously.

If you have any questions don't hesitate to contact me at (800) 852-7497, or e-mail me at scott.dummer@noaa.gov
