On the following pages are tables of the Top Ten Warmest, Coolest, Wettest, and Driest August's and Summers at some official NWS locations, which includes the average/total for this August and Summer where available, as well as the 1991-2020 Normal (average) temperature and rainfall for these time periods. Also included are tables listing the Top Ten Warmest Average Monthly Temperatures, Warmest Monthly Average Maximum Temperatures, and the Warmest Monthly Average Minimum Temperatures.

CHIEFLAND 5 ESE (records began in July 1956):
