Several wood trusses were blown over on the partially completed Greenwood Police Department. Damage also occurred to a metal roof of another building.

Thunderstorms developed along a dry line in western Oklahoma during the afternoon hours of the 14th, and moved eastward into northwestern Arkansas during the evening. Although these storms weakened as they moved into the area, isolated damaging wind gusts occurred with the stronger storms.

## OKLAHOMA, Eastern

(OK-Z054) OSAGE, (OK-Z059) PAWNEE, (OK-Z060) TULSA, (OK-Z064) CREEK

12/01/14 00:00 CST 0 Drought 12/31/14 23:59 CST 0

Most of eastern Oklahoma received below normal rainfall during December 2014, and much of northeastern Oklahoma received less than 75 percent of normal precipitation for the month. As a result, severe drought (D2) conditions continued across portions of Pawnee, Osage, Creek, and Tulsa Counties during the month. Monetary damage estimates resulting from the drought were not available.

WAGONER COUNTY --- 2.0 SSW LA BARGE [35.95, -95.40]
