

2026 Arizona Monsoon Outlook

Average Monsoon Rainfall (1991-2020)	
Flagstaff	7.63"
Kingman	2.69"
Phoenix	2.43"
Tucson	5.69"
Yuma	0.97"

- Odds tilt toward above normal precipitation across all of Arizona
- Odds tilt toward warmer than average temperatures
- Best chance for above normal rainfall is across northeastern Arizona
- El Niño development this summer could lead to increased tropical cyclone activity and increased precipitation, especially Aug-Sep
