

Coastal Coupling Community of Practice Webinar Series

July 10, 2019

2 -3:30 pm ET

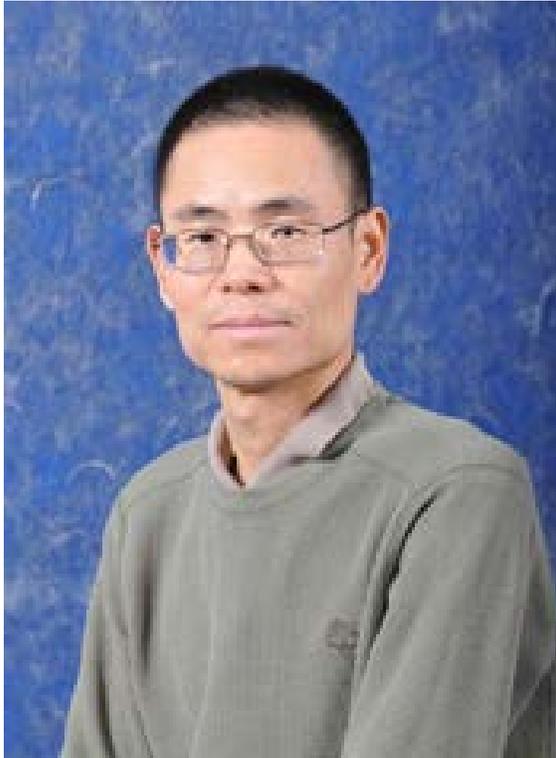

Outline

1. Update on community actions
2. SCHISM presentation from Joseph Zhang
3. Open discussion
4. Future engagement opportunities

Update on what's happened since the kick off meeting

- Leadership Team/Steering Committee have met to discuss group priorities
- CoP charter drafting process has begun
- New IOOS funded project being kicked off on subsetting of the NWM data - you should have gotten a survey from RPS group, if you have interest in getting NWM data in a specific format, **please respond to the survey by 7/12**
- AGU session has been accepted, AGU townhall proposal has been submitted, OSM session has been submitted

Joseph Zhang (VIMS) SCHISM presentation

yjzhang@vims.edu

- Research Professor at the Virginia Institute of Marine Science
- Research Interests - Theoretical and computational geophysical fluid mechanics, nonlinear wave mechanics, complex 3D environmental flows, numerical methods.
- Working on seamless cross-scale models based on unstructured grids.
- <http://ccrm.vims.edu/schismweb/>
- “Simulating compound flooding events in a hurricane using a 3D model”

Stakeholder requirements

- Who are your stakeholders?
 - How have you been gathering stakeholder requirements?
 - How often are you engaging?
 - Spreadsheet
-
- **What can this community provide (that it isn't already) to make it more valuable to your everyday job?**

Future engagements

Date	Engagement	Location	Other information
July 25	Summer Institute Capstone	Tuscaloosa, AL (and virtual)	Students from the SI will be presenting their results
October 16-18	Annual NOAA Water Team Meeting	College Park, MD	
October 22 - 24	COMT Annual Meeting	Silver Spring, MD	
December 9-13	AGU Fall Meeting	San Francisco, CA	Scientific session (Abstract deadline 7/31) Townhall
January 12-16	AMS 18 th Symposium on the Coastal Environment	Boston, MA	Coupling session (Abstract deadline 8/1)
February 16-21	Ocean Sciences Meeting	San Diego, CA	Abstract deadline 9/11
Spring	CC CoP in person meeting	Tuscaloosa, AL?	Date and location are not final
Bi-monthly	Webinar series	Virtual	Looking for speakers

Thank you!

We appreciate feedback on future topics for this webinar series or volunteer speakers

Next webinar will tentatively be in
September

Cayla.Dean@noaa.gov
